- 3.7. requesting or agreeing to provide repeated services via the Bolt Platform in a manner that is inconsistent with the proper provision of services via the Bolt Platform (for example, where such request or provision of services is for the primary purpose of creating an abundance of payment transactions, or an abundance of requests for services, for a User);

- 4.4. Service Providers are reminded that, in accordance with the terms and conditions that apply to them, Bolt may delay payments that would otherwise be due to Service Providers on the basis that Bolt is investigating a failure to comply with this policy. Bolt also reserves the right to permanently deny payments to Service Providers where such payments relate to Prohibited Behaviour and Bolt has determined that there has been a failure to comply with this policy.
- 4.5. Bolt may disclose evidence of any Prohibited Behaviour to any law enforcement and regulatory authority that Bolt feels it is reasonably necessary to notify, or as otherwise required by law or regulation.
- 4.6. The actions that Bolt may take set out in this section 4 are not limited and Bolt reserves the right to take any other action it considers necessary to address and prevent Fraud on the Bolt Platform, including all rights reserved in any other terms and conditions that apply to the User.
- 4.7. Users are encouraged to report all Prohibited Activity to Bolt by contacting Bolt via the Bolt

Platform.

5. How Bolt assesses Prohibited Behaviour

5.1. In accordance with its Best Practice approach, Bolt will monitor the Bolt Platform from time to time to identify Prohibited Behaviour. Any behaviour that is identified as potentially being Prohibited Behaviour will be assessed on a case by case basis by Bolt's Prohibited Behaviour Team before any action is taken by Bolt. The Prohibited Behaviour Team will take into account any instances of repeated or persistent behaviour (including past occurrences of Prohibited Behaviour and/or failures to comply with this policy) in making its assessment on behalf of Bolt.

5.2. If Bolt suspects, considers or determines that Prohibited Behaviour has occurred, a User may have their access to the Bolt Platform restricted for such time as further investigations are carried out.

5.3. Subject to section 5.4 below, if a User's access to the Bolt Platform is restricted in connection with this policy, Bolt will issue the User with a Statement of Reason for this decision which may be accompanied by a notice to terminate the User's relationship with Bolt in accordance with the relevant terms and conditions that apply to the User.

5.4. A Statement of Reason will not be issued if we are unable or are advised not to do so for regulatory or legal reasons.

6. Appealing a decision relating to this policy

6.1. Users will not be permitted to appeal a decision by Bolt to terminate a User's access to the Bolt Platform in accordance with this section 6 if Bolt determines at its discretion that the failure(s) to comply with this policy are so material and/or persistent that it warrants immediate termination of a User's access to the Bolt Platform. When this is the case, it will be made clear in the relevant Statement of Reason.

6.2. Other than in the circumstances set out in section 6.1 above, the relevant User will have 30 days from the date of issue of a Statement of Reason to appeal any decision by Bolt to suspend and/or terminate any access to the Bolt Platform in association with the User's account. In order to appeal this decision, the relevant User must promptly appeal the decision with reference to the applicable Statement of Reason, providing Bolt with such additional Information it may request in relation to the Statement of Reason from time to time. Appeals should be made in writing and as instructed by the Statement of Reason.

6.3. Bolt will consider all appeals in good faith and will reinstate any suspended access to the Bolt Platform (and release any temporarily suspended payments to Service Providers) as soon as reasonably practicable from the date that Bolt determines at its discretion that:

6.3.1. there has not been a material failure to comply with this policy; or

6.3.2. other circumstances apply that make it fair and reasonable to reinstate access to the Bolt Platform.

6.4. If, after the expiry of the 30 day period set out in section 6.2 above, Bolt at its discretion still considers that the User has participated in (or allowed) the Prohibited Activity referred to in the Statement of Reason, Bolt will be entitled to terminate the User's access to the Bolt Platform in accordance with the terms and conditions that apply to the User.

7. Updates to Bolt's Fraud Policy

Bolt reserves the right to update this policy and all processes relating to it from time to time to ensure and/or improve its Best Practice.
