

Global Privacy Notice for Drivers (Taiwan)

At Bolt, we are focused on making cities for people. To do this, we offer a number of alternative transport solutions including ride-hailing, shared cars, e-scooters, e-bikes and food and grocery delivery. Your safety as a Driver is our priority and this includes the safety of your personal data that we process when you use the Bolt services on the “**Bolt Platform**” (being the technology infrastructure made available by Bolt to facilitate online intermediation of ride-hailing services, including the Bolt Driver Portal and the Bolt Driver app (“**Bolt App**”)).

Date when this Privacy Notice was last updated: July 2025

9. What are your rights?
10. How do we use your personal data for direct marketing?
11. Jurisdictional Disclosures
12. How do we notify you of changes to this Notice?

1. About this Privacy Notice

This Privacy Notice (“Notice”) describes how Bolt Operations OÜ (“**Bolt**”, “**We**” or “**Us**”), its group companies and third party partners collect and use the personal data of persons providing transportation services via the Bolt Platform - known as “**Drivers**” (including persons who are in

the process of registering or have registered to Bolt as Driver, as well as persons who have previously owned an account as a Bolt Driver). More information about Bolt and its group companies, such as the relevant Bolt group company for your market, is set out [here](#).

The term “you” or “your” refers to a Driver. This Notice lets you know how we promise to look after your personal data and tells you about your privacy rights and the choices and controls available to you.

This Notice applies to all Drivers globally who access the Bolt Platform to fulfil passenger transportation services (and other ancillary transportation services such as package delivery services), whether acting on their own behalf as an independent service provider or acting on behalf of another service provider (for example, acting on behalf of a fleet or another individual). This Notice should be read in combination with all terms and conditions, guidelines and policies that apply to your use of the Bolt services as are made available at <https://bolt.eu/legal>.

The way we collect, use, and share your personal data may differ depending on the legal requirements of the country or region where you access or provide services through the Bolt Platform. Local laws can influence the types of personal data we process, the purposes for which we process it, the legal basis we rely on and the rights available to you. If you operate or travel across borders, please be aware that the data practices outlined in this Notice may be adapted to comply with the applicable laws of each location. In all cases, we apply safeguards to ensure compliance with relevant legal standards. For further information about the jurisdictional disclosures and differences that may apply to you, please refer to Section 11 ‘Jurisdictional Disclosures’ below.

2. How can you contact us?

Bolt (or the relevant Bolt group company for your market - as set out [here](#) in more detail) is the data controller of your personal data processed under this Notice. We have appointed a Global Data Protection Officer and an Office of the Data Protection Officer Team who can be contacted by emailing our Privacy Mailbox at privacy@bolt.eu - please mark the subject line of the email ‘*For the attention of Bolt’s Data Protection Officer*’. You can also raise data subject rights requests via our Privacy Web Form available at <https://bolt.eu/en/privacy/data-subject/>, or raise any privacy-related requests or questions in the Bolt App when you go to the main menu and tap ‘Support’. Our Customer Support Team will then forward the issue internally to the Bolt Privacy Team.

3. What personal data do we process?

We collect and process personal data:

- provided by you to Bolt;
- when you use the Bolt services; and
- from other sources such as Fleet Owners and Fleet Partners, authorised third parties who administer services on behalf of Bolt and Passengers, and in some countries, governmental or public databases.

The table below sets out the different categories of personal data we process about you.

Category of Personal Data	Description of Personal Data
Personal Data provided by you to Bolt	
Profile Data	We collect personal data about you when you register to access the Bolt Platform including: • Full name • Email address • Login name and password • Phone number, including for Whatsapp use (where applicable)

Category of Personal Data	Description of Personal Data
	cable) • City you would like to drive in once registered • Place of residence • Gender (optional) • Information about certain family/social relationships (e.g., trusted contacts) (optional)

Category of Personal Data	Description of Personal Data
	• Nationality and citizenship (where applicable) • Place of birth • Profile Picture • Driver's licence and badge • Company reference to indicate the fleet you belong to (when applicable)

Category of Personal Data	Description of Personal Data
	• Referral code • Dispatch preferences and saved locations • Pricing model (e.g., custom pricing), where applicable • Preferences and settings related to the account, such as language preference

Category of Personal Data	Description of Personal Data
	ences, communication preferences, notification settings, and privacy settings.
Vehicle Data	Following market practices and requirements we may collect information about your vehicle and its roadworthiness status, including: • Vehicle type, model, year and colour

Category of Personal Data	Description of Personal Data
	• License plates • Registration number • Transport license for Drivers • Transport license for cars • Private hire license • MOT and vehicle logbook (where applicable) • Car insurance details

Category of Personal Data	Description of Personal Data
	and status and relevant insurance proof
Payment Data	Following market practices and requirements we may collect your payment details and banking data, including: • Payment methods and related payment verification information • Bank details including acco

Category of Personal Data	Description of Personal Data
	unit number, sort code , financial account identifiers and IBAN details • Transaction details such as charges and disbursement amounts • Transaction history on the Bolt Platform • Taxpayer

Category of Personal Data	Description of Personal Data
	identification number • VAT ID (where applicable) • Earnings reports For billing and invoicing purposes, we also collect full name, postal address, date of birth, country of birth, tax identification numbers with issuing countries and TIN (tax identification number) type.
Identification / Verification Data	We collect identification documents

Category of Personal Data	Description of Personal Data
	as part of your sign up application . This may include: • Your driver's license, transport license and private hire license, which may include name, date of birth and primary address (where applicable) • Other

Category of Personal Data	Description of Personal Data
	government-issued or national identity documents (such as passports, IDs or birth certificates), which may include identification numbers as well as date of birth, gender and photo

Category of Personal Data	Description of Personal Data
	• Photographs / pictures (such as a selfie) • Proof of your address (such as a recent bank statement)
Demographic Data	We collect demographic data, including: • Age group • Date of birth • Gender • Place of birth
Survey / Interview Data	We collect the contents of your

Category of Personal Data	Description of Personal Data
	replies or attachments you may send us during the course of surveys and interviews that we conduct. During surveys and interviews, we collect data such as your feedback on your satisfaction with the Bolt Platform, your needs, and any issues you encounter while using the Bolt Platform.
User Generated Data	We collect personal data when you use certain features. For example, to provide recordings such as

Category of Personal Data	Description of Personal Data
	audio recordings generated during the trip (as part of our safety toolkit trip audio recording feature, where such feature is available - for more information, please visit https://bolt.eu/en-ee/driver/safety/), or to submit content like pictures, videos, files in connection with a Customer Support request or ratings or feedback about other users. This also includes metadata relating to

Category of Personal Data	Description of Personal Data
	the method you use to communicate with Bolt. We also collect the feedback and rating you provided to a Passenger after each trip. It is mandatory to give a 1-5* (stars) rating to the Passenger for every trip and leave feedback for those Passengers you rate 1-3* (stars).
Personal Data we collect about you when you use Bolt services	
Account Data	We generate and collect information used to identify

Category of Personal Data	Description of Personal Data
	your specific Bolt account, including: • Date of creation • Current status (e.g., active / suspended) • Records of account changes, including password reset requests
Geolocation Data	We collect data about your precise and/or approximate geolocation (including

Category of Personal Data	Description of Personal Data
	GPS and IP address) depending on your app settings and device permissions, and your driving routes (including the time, the trip progression, the final destination of a trip and average speed), when you open and use the Bolt App.
Order Data	We collect details about scheduled trips and specific trips taken via the Bolt Platform, including: • Date, time and day of the

Category of Personal Data	Description of Personal Data
	week • Geolocation data, including pick up and drop off locations and driving routes • Actual and estimated distance and duration • Actual and estimated arrival time, pick up distance

Category of Personal Data	Description of Personal Data
	nce and duration • Payment history, including estimated and actual order price and currency • Order status, including the status of trips as rejected or cancelled • Trip category (such as

Category of Personal Data	Description of Personal Data
	comfort or premium) • Order number • Irregular activity due to fraud and cancellations We also collect general information about your trips taken via the Bolt Platform, including: • Number of trips that were agreed to be performed and were /

Category of Personal Data	Description of Personal Data
	were not fulfilled • Total time spent providing trips each day • Number and rate of ride requests acknowledged on the Bolt Platform • Averages of statistics such as pick up distance, estimated

Category of Personal Data	Description of Personal Data
	time of arrival, distance travelled, rides that were / were not fulfilled (including order status), earnings and speed If you accept cash-rides, we also collect data relating to your preferred payment method (cash or in-app payment method),

Category of Personal Data	Description of Personal Data
	your on-time or delayed payments to Bolt (such as the commission amount), and in case you get cash-blocked, data about how you repay any commission towards Bolt.
App and Platform Usage Data	We collect personal data via the Bolt App about your use of the Bolt Platform such as your information on how long you've been using the Bolt Platform, your engagement and interactions on the Bolt

Category of Personal Data	Description of Personal Data
	Platform including: • The date s and time s you log-i n and log-o ff the Bolt App • Peri ods onlin e and whe n fulfilli ng a trip • Aver ages of stati stics over certa in perio ds such as onlin e time, waiti ng

Category of Personal Data	Description of Personal Data
	time, utilisation and orders per hour • Bolt App features or pages viewed • Browser type • App crashes • Other system activity
Cookies, SDKs, Analytics, and Third-Party Technology Data	We collect information through the use of cookies, tracking pixels, data analytics tools, SDKs, and other third-party technology

Category of Personal Data	Description of Personal Data
	es like advertising IDs, to understand how you navigate through the Bolt App, to make your experience safer, to improve your site and Bolt App experience, to serve you better ads on other sites (according to your marketing preferences), and to save your preferences. For more information about cookies, see our Cookie Declaration.
Billing and Earnings Data	We collect information on applicable pricing structures

Category of Personal Data	Description of Personal Data
	that you have selected within the parameters provided by the Bolt App (where applicable). We also collect information on the prices applicable to specific trips taken via the Bolt Platform (including applicable taxation and any prepaid amounts), as well as information on your earnings over certain periods of time (including your gross fare, balance, trips fees, bonuses, tips and overall

Category of Personal Data	Description of Personal Data
	distance travelled).
Communication Data	We collect communication and correspondence data when you engage with our Customer Support Team via the in-app chat function, report an incident, communicate via emails, web forms, or speak with our Customer Support agents, or communicate with Passengers via the Bolt App using the in-app chat function or via internet calls (where available). We record the date and time of the

Category of Personal Data	Description of Personal Data
	communications and its content and your phone number (where you use the call feature). We will record calls, only where you are notified in advance that the call may be recorded. In the markets where we facilitate phone calls and text messages between Drivers and Passengers without sharing either party's actual phone number with the other, we protect your

Category of Personal Data	Description of Personal Data
	personal data by using a masked numbers application.
Identification / Verification Data	We generate and collect information (including biometric information, where permitted by law) relating to the status and results of any verification checks.
Warning / Suspension Data	We collect details of suspensions or terminations that have been issued to a Driver, including: • Date (s) on which warnings or suspensions

Category of Personal Data	Description of Personal Data
	ons have been issued • Date of expiry of warnings or suspensions • Reason(s) for the warnings or suspensions • Data on the violation of our Bolt Platform Terms and/or local laws • Data on

Category of Personal Data	Description of Personal Data
	safety incidents
Device Data	We collect data about the devices you use to access our services, including: • Hardware models • Device IP address and other unique device identifiers (such as your UUID) • Device operating systems • Browser version

Category of Personal Data	Description of Personal Data
	and Bolt App version • Device vendor name • First and last date of use • Identity of mobile carrier and manufacturer • Preferred languages
Consent Data	We collect records of any consents you have provided to Bolt, the time and date of such

Category of Personal Data	Description of Personal Data
	consent, the means of consent, and any related information (e.g., the subject matter).
Personal Data we collect about you from other sources	
Background Check Data	According to relevant local law requirements, we may collect personal data about you from external databases after you submit your registration to check you meet the relevant local regulatory requirements to use the Bolt services, including: • Confirmation

Category of Personal Data	Description of Personal Data
	ion of existence of data about criminal convictions and offences (where required under local laws and regulations) • Licence status • Prior addresses • Right to work status • Presence

Category of Personal Data	Description of Personal Data
	on anti-money laundering (AM L) or economic sanctions lists (where required under local laws and regulations) This information may also be collected by an authorised third party service provider on our behalf.
Identification / Verification Data	Where applicable and according to market practices

Category of Personal Data	Description of Personal Data
	and requirements, we collect data from third party identity verification providers to verify data related to you, including: • ID number • Full name • Gender • Address • Citizenship • Date of birth • Place of birth • Nationality • Data related to documents such

Category of Personal Data	Description of Personal Data
	as document type, issue, number, country of issue, issue and expiry date s and driver's licence category
Driver Compliance Data	To meet local requirements, we may collect personal data from service providers who carry out vehicle and driver compliance checks. This includes details

Category of Personal Data	Description of Personal Data
	about your car insurance, liability insurance (if required), vehicle registration, certifications, and other documents needed to provide transportation services in your area. We may also collect screenshots from public databases as evidence that we verified the documents you submitted during registration.
Contact Data	We collect contact data about you when you connect to the Bolt

Category of Personal Data	Description of Personal Data
	App via a third party service such as Google, Apple or Facebook, or when a Driver refers you through our referral campaigns, including your: • Full name • Email address • Phone number • Place of residence
Driver Rating Data	We collect personal data about you, including ratings, feedback, complaints, and safety reports from Passenger

Category of Personal Data	Description of Personal Data
	s about the transportation services you provided. These ratings are combined into an average rating. You won't see individual ratings or know which Passenger gave which feedback. However, in the Bolt App, you will be able to see the compliments you received from the last 6 months in relation to completed trips (this will include the positive feedback you received after a Passenger left you a

Category of Personal Data	Description of Personal Data
	5-star rating).
Fleet Driver Data	We collect personal data about you from fleet owners and fleet partners, such as your email address, your phone number, your profile picture and your referral code. In addition we collect your National ID, driver license, tax identification number, car license number, pictures of vehicle's exterior and interior and personal code. Moreover, where permitted by law, we collect confirmatio

Category of Personal Data	Description of Personal Data
	Information of the existence of criminal background and/or criminal records data.

4. What purposes do we use your personal data for and what is our Legal Basis for Processing?

The table below sets out:

- our purposes for processing your personal data;
- our legal grounds (known as a '**legal basis**') under data protection law, for each purpose; and
- the categories of personal data we use for each purpose. Learn more about what personal data these categories include in Section 3 "*Personal Data that we process about you*" above.

Here is a general explanation of each '*legal basis*' that Bolt relies on to process your personal data to help you understand the table below. Please remember that depending on your country of residence, certain **jurisdictional disclosures** and differences may apply to your personal data that is processed by Bolt as set out in the table below (for more information on the legal bases applicable in Taiwan, refer to Section 11, "*Jurisdictional Disclosures*"):

- **Performance of a Contract (or quasi-contractual relationship):** When it is necessary for Bolt (or a third party) to collect or process personal data to provide services under our Bolt Platform terms. Where the legal basis for collecting or processing personal data is performance of a contract, and you choose not to provide the information, you may be unable to benefit from the applicable Bolt's services.
- **Legitimate Interests:** When we process your personal data based on legitimate interest grounds. This includes our commercial and non-commercial interests in providing an innovative, personalised and safe service to you, other Drivers, and other third parties (including Passengers). Where the table below states that we rely on legitimate interests, we have provided a brief description of the legitimate interest. If you would like more information about this (including the balancing test), please contact us using the methods set out in Section 2 "*How can you contact us?*" above. In countries where legitimate interest is not an available lawful basis for Bolt's processing activities, we will instead rely on an alternative valid legal basis.
- **Consent:** When you have been informed of, either by this Notice or other channels, and agree to the collection, processing, and usage of your personal data to use the Bolt services; or when we ask you to actively indicate your agreement to our use of your personal data for a certain purpose, which you have been informed of. Where we rely on consent to collect, process, or use your personal data, you can withdraw your consent to

such activities at any time. Withdrawal of the consent does not affect the lawfulness of any collection, processing, and usage that took place prior to you giving your consent to us.

- **Compliance with Legal Obligations:** When we must process your personal data to comply with laws or regulations in the markets we operate in, such as to comply with our licensing conditions and obligations under tax and accounting laws. Where the legal basis for processing your personal data is compliance with legal obligations, and you choose not to provide the information, you may be unable to use the Bolt services.
- **Vital Interests:** When we process your personal data where it is necessary to protect your vital interests or those of others, for example, in the event of an emergency or an imminent threat to life.

Purpose of processing	Legal Basis	Categories of Personal Data
For the provision of the Bolt services (including the Bolt Platform)		
To create, update and maintain your Bolt account We collect information about you during the registration process to direct you to the appropriate registration flow and to enable you to create a Bolt account. We also process certain information to enable you to	• <i>Performance of a Contract</i> • <i>Legitimate Interests</i> – It is in our interest, as well as in the interest of our Passengers and	• Account Data • Profile Data • Fleet Driver Data • Device Data

	our interest to process personal data for organisational and business planning purposes • <i>Performance of a Contract</i> • <i>Consent</i>	

When we process your personal data for a new purpose different from the purpose your personal data was originally collected for and we haven't asked for your consent, we take steps to check that this new purpose is compatible with the initial purpose we collected it for. We will take into account any link between the two purposes and decide if the personal data can be used for this new purpose. Otherwise, we will take appropriate steps to ask for your consent or refrain from processing your personal data.

5. Who do we share your personal data with?

We may share your personal data with the following categories of recipients.

Category of Recipients	Description
Bolt Group Companies and partners	We may share your personal data with our Bolt Group Companies (including Bolt local subsidiaries), Partners and their representatives who may similarly use your personal data in the manner described in this Notice. If Bolt Group Companies are responsible for processing your personal data, they may share your personal data with Bolt Operations OU as the main data controller

Category of Recipients	Description
	for Bolt.
Our Passengers	Your name and photo is disclosed to Passengers, when you have offered an order. When you get matched with a Passenger and decide to offer the ride, Passengers will see your name and photo, vehicle make, model, colour and vehicle photo, license plates, phone number, photo and geolocation data (before and during the trip). Additionally, Passengers will have

Category of Recipients	Description
	access to your average rating and total number of trips. Passenger is also see your personal data like your full name, service license number (if applicable), the registration number of the vehicle, the date, the time, the start and end locations and route map in the receipt.
Other Drivers	If you are referred to us by an existing Driver, we'll receive personal data (referral code) about you

Category of Recipients	Description
	from other Drivers participating in the Bolt Driver Referral Programme.
Bolt Business Clients and other Bolt account owners	Some rides you offer may be requested or paid for by others than the Passengers like Bolt Business Clients or other Bolt account owners. In this case we may share with that other party some of your data like your name, your license plates and trips (pick up and drop off points). This information will be disclosed to our

Category of Recipients	Description
	Business Clients via reports they can access on their Business Accounts.
Bolt Partners	Depending on your location, your personal data may be disclosed to third-party vehicle suppliers and/or Fleet Partners (including rental and proxy fleets). Via the Fleet Owner Portal, they will have access to your order history and vehicles, including the model, license plate of such vehicles and

Category of Recipients	Description
	transport license expiration dates, your name, mobile phone number, email and they will view your Bolt Platform activities, including possible violation of our Bolt Platform Terms and finished order metrics, your earning reports and payouts, your receipts and/or invoices issued by you to the Passenger s after the ride taken via the Bolt Platform, your receipts and/or invoices

Category of Recipients	Description
	issued by Bolt to you, and by you to Bolt, compensation invoices issued by Bolt to the Fleet Partners, and the termination/suspensions imposed on you or any other persons authorised to provide transportation services on behalf of you.
Promotional, marketing and strategic partners	We may share limited data like your email address with our promotional, marketing and strategic partners so that they can inform you about promotional

Category of Recipients	Description
	ll events and provide you with information and marketing messages about our products or services that may interest you. When you also enroll in partnership programs (discounts/loyalty programs) some limited data will be shared with these partners such as information about your use of the programs. These parties will use your personal data in accordance with their own privacy

Category of Recipients	Description
	policies as separate data controllers. In addition, we may share your personal data with marketing platform providers, including social media advertising services, advertising networks, third-party data providers, to reach or better understand our users and measure the effectiveness of our ads on other platforms.
Insurers	We will share your data with insurers, where you, or a family member in your absence,

Category of Recipients	Description
	request for a claim to be processed, to facilitate the processing of insurance claims and for reporting purposes due to contractual requirements from the insurers. We will also share data with insurers, to manage and settle claims to avert further damage to us.
Third Party Service Providers	Our third party vendors and other service providers and contractors have access to your personal data to

Category of Recipients	Description
	help carry out the services they are performing for us or on behalf of us. This may include vendors and providers who provide email or moreover electronic communication services, tax, legal and accounting services, product fulfilment, background checks and identity/verification processes, payment processing, and facilitation, insurance coverage (data sharing with insurers,

Category of Recipients	Description
	where you, or a family member in your absence request for a claim to be processed, to facilitate the processing of insurance claims and for reporting purposes due to contractual requirements from the insurers) and financial instruments, customer support, fraud prevention and detection, data enhancement, web hosting and cloud storage, research, including surveys,

Category of Recipients	Description
	analytics, crash reporting, performance monitoring and artificial intelligence, machine learning and statistical services. In addition, we will share data like your geolocation and your driving routes with Google in connection with the use of Google maps in our apps and data like your license plates or other data with airports in case it is required by the airport as a condition for operating

Category of Recipients	Description
	at the airport.
Other Third Parties	In the event of a likely change of control of the business (or a part of the business) such as negotiations for a sale, an actual sale, a merger, and acquisition, or any transaction, or reorganisation, we may share your personal data with interested parties, including as part of any due diligence process with new or prospective business owners and their

Category of Recipients	Description
	respective professional advisers. We may also need to transfer your personal data to that third party or re-organised entity after the sale or reorganisation for them to use for the same purposes as set out in this policy. We may also need to check your information against public and/or government databases to confirm the validity of certain compliance documents that you

Category of Recipients	Description
	have provided.
Law Enforcement, Data Protection, Tax, Transport and Licensing Authorities and other relevant Third Parties	We may disclose information under a court order or where we cooperate with a data protection supervisory authority or a licensing authority in handling complaints or investigations. For example certain information must be recorded and shared with the relevant licensing authority when investigating complaints, including the complainant's details, complaint details, driver

Category of Recipients	Description
	involved, the date of the alleged incident, and the details of the investigation and actions taken as well as the date the complaint was resolved. We may also share your personal data with law enforcement or other public authorities, such as tax, transport and licensing authorities, including responding to requests when the information is required by law or furthers a public interest task or for

Category of Recipients	Description
	example as a result of DAC7 implementation. We may also share your data to other relevant third parties, including emergency services, where the information furthers a public interest task, is necessary in the context of a legal dispute, and/or someone's life is at risk. In any scenario, we will take steps to ensure that we have a lawful basis on which to share the information, and we'll make sure

Category of Recipients	Description
	that we document our decision.

Please note, that our websites and apps may contain links to other third-party websites. If you follow a link to any of those third-party websites, please be aware that those websites may have their own privacy notices and that we do not accept any responsibility or liability for their notices or their processing of your personal data. Please check these notices before you submit any personal data to such third-party websites.

6. Does Bolt transfer your personal data to other countries?

We operate internationally and as a result, your personal data may be transferred to, stored and/or processed by Bolt Group Companies, subcontractors and partners when undertaking the activities described in this Notice outside the country where you are located. Please see the “Jurisdiction Disclosures” in Section 11 of this Notice and our Bolt Group Companies table for details of the countries where your personal data may be transferred to within the Bolt Group. When we transfer your personal data outside of a country or region, such as the European Economic Area (“EEA”), we will make sure that we take steps necessary to comply with applicable legal requirements and rely on the following transfer mechanisms:

- **Adequacy Decisions:** We will rely on decisions from the European Commission where they recognise that certain countries and territories outside of the European Economic Area ensure an adequate level of protection for personal information. Please click [here](#) to see the list of countries deemed ‘adequate’ by the European Commission and click [here](#) to see the list of countries deemed ‘adequate’ by the UK Government. We rely on these adequacy decisions when we transfer personal data we collect from the EEA and the United Kingdom to the United States (where some of our third party service providers are based).
- **Standard Contractual Clauses (SCCs):** We will utilise standard contractual clauses approved by the European Commission for transfers outside the EEA and by the UK Government for transfers outside of the United Kingdom. Please click [here](#) to see the EEA SCCs and click [here](#) to see the UK SCCs. We will rely on SCCs when we transfer personal data we collect from the EEA and the United Kingdom to the United States, Singapore and Nigeria where some of our third party service providers are based.

There may be certain situations (such as responding to law enforcement requests - see Section 4 “*What purposes do we use your personal data for and what is our legal basis for processing?*” above) where a transfer of personal data will take place on the basis of exemptions provided for under applicable data protection legislation. In these circumstances, we will take steps to minimise and protect the personal data transferred. Please see Section 11 “Jurisdictional

Disclosures” for details of any exceptions that apply in your country or region, including Taiwan, to the transfer of your personal data.

7. How do we keep your personal data safe?

The security of your personal data is very important to us, and we have implemented appropriate technical and organisational controls to protect your personal data against unauthorised processing and against accidental loss, damage or destruction. We have implemented data encryption in transit and at rest, data privacy and security training, information security policies and controls around the confidentiality, integrity and availability of our data/systems.

Any personal data collected in the course of providing Bolt Services is transferred to and stored in our data centres which are located within the EEA. Only authorised employees of Bolt group companies and partners have access to the personal data and they may access the data only for the purpose of resolving issues associated with the use of the services (including disputes regarding transportation services and customer support services in the respective countries <https://bolt.eu/cities/>).

For our research and scientific purposes, all data, like bulk Geolocation Data, is anonymised so you can never be identified from it. Regarding anonymised data, we will not attempt to re-identify your personal data that has been deidentified, in the course of sharing your data with other organisations.

You are responsible though for choosing a secure password when we ask you to set up a password to access parts of our sites or apps. You should keep this password confidential and you should choose a password that you do not use on any other site

8. How long do we retain your personal data for?

We keep your personal data only as long as necessary to provide you with the Bolt Services and for the purposes described above.

This means that the retention periods will vary according to the type, the amount and sensitivity of your personal data, the potential risk of harm from unauthorised use or disclosure of your personal data and the reason that we have collected the personal data in the first place.

Here are some of the categories of our retention periods:

Retention Periods Criteria	Description
Personal data retained until you remove/delete it	It's your right to request that we delete certain of your personal data. See Section 9 "What are

Retention Periods Criteria	Description
	your rights” for more information.
Personal data that expires after a specific period of time	We have set certain retention periods so that some data is not retained after a specific period of time. See table below for further details. After a retention period has lapsed, the personal data is securely deleted, unless it is necessary for the establishment, exercise or defence of legal claims.
Personal data retained until your Bolt account is deleted	We keep your data, including your selfie and identification documents

Retention Periods Criteria	Description
	, until your Bolt account is deleted unless further retention of certain personal data are required for the purposes described in the second table below.

We have listed below the specific retention periods that apply to the personal data we process about you:

Category of Retention Periods	Description
Accounting and financial reporting purposes	We retain data for 10 years after the last trip if your personal data is necessary for accounting purposes and for 3 years after the last trip regarding financial data in relation to transportation

Category of Retention Periods	Description
	services provided to Passengers.
Provision of services purposes	We retain your data for the life of Drivers' accounts if such data is necessary to provide our services. But if your account will be closed the personal data will be deleted unless such data is still required to meet any legal obligation, or for accounting, dispute resolution or fraud prevention purposes. You may request deletion of your account at any time through

Category of Retention Periods	Description
	the Bolt App. See Section 9 “What are your rights?” below for more information.
Compliance of Legal Requirements Purpose	We retain data for as long as necessary according to the internal, legal, and regulatory requirements.
Formal investigations of a criminal offence, fraud or false information	We retain data for as long as necessary according to the internal, legal, and regulatory requirements, if there are formal investigations of a criminal offence, fraud or false information having been provided.

Category of Retention Periods	Description
Disputes	We retain data in the event of disputes, until the claim is satisfied or the expiry date of such claims.
Complaints	We retain a record of all complaints which we make available to an authorised officer of the licensing authority on request in the case of an investigation for 12 months.
Instant Messages	We retain data about instant messages between you and the Customer Support Team directly in the Bolt App for 60

Category of Retention Periods	Description
	days from the last communication and in Bolt's databases for 3 years from the last communication. Instant messages between Drivers and Passengers are kept in the Bolt App only until the order is completed and for 30 days after in our systems.
Audio Trip Recording	We retain Audio Recording Data through our Audio Trip Recording Feature: 24 hours, while stored locally on the device of the person

Category of Retention Periods	Description
	who generates the recording. The recordings are automatically deleted after 24 hours if a report to Bolt's Customer Support team is not created and the recording is not explicitly shared with Bolt's Customer Support team as part of the report. Recording is shared and investigated by Bolt will be automatically deleted after 7 days unless the retention period is manually extended

Category of Retention Periods	Description
	for investigation/legal reasons.
Customer Support	We retain data in relation to support tickets, phone calls and chats for 3 years.
Geolocation Data	We retain your Geolocation Data for 2 years from the time it is collected.

9. What are your rights?

Where applicable, you have following data subject rights:

- **Access your personal data (known as “Right of Access”)**: You have the right to access and to request copies of your personal data by contacting our Customer Support Team. Depending on where you are, you can access a copy of your personal data via our data export tool by navigating to the ‘Privacy’ section of the Bolt App.
- **Update/correct your personal data (known as “Right of Rectification”)**: You have the right to request us to correct personal data that is inaccurate or incomplete. You can change and correct certain personal data yourself within the Bolt App or by contacting our Customer Support Team.
- **Delete your personal data (known as “Right of Erasure”)**: You have the right to request that we erase your personal data, under certain conditions (e.g., we are processing your personal data under your consent). Personal data that is processed pursuant to a legal obligation or where we have an overriding legitimate interest may not be deleted upon request. You can request erasure of your personal data by contacting our Customer Support Team.
- **Restrict use of your personal data (known as “Right to Restrict Processing”)**: You have the right to request that we restrict the processing of your personal data, under

certain conditions (e.g., we are processing your personal data under consent). You can request restriction of the use of your personal data by contacting our Customer Support Team.

- **Object to use of your personal data (known as “Right to Object”):** You have the right to object to our processing of your personal data, under certain conditions (e.g., we are processing your

personal data under legitimate interests)

. This includes the right to object to our processing of your personal data for direct marketing purposes . You may submit an objection to the use of your personal

- **Object to solely automated decisions being made about you which has legal or similarly significant effect on you (known as “Right to object to automated decision making”)** - You have the right, under certain circumstances, to object to any solely automated decisions we have made which have a legal effect or similarly significant effect which does not involve human review. You can ask that a person review the decision, obtain an explanation of the decision reached after such assessment and challenge the decision by contacting our Customer Support Team. Please note that certain exceptions and limitations may apply to your right to object to automated decision-making, as permitted by applicable laws and regulations. We will provide you with clear information regarding the implications of exercising your rights and the processes involved in objecting to solely automated decision-making.
- **Port your personal data (known as “Right to Data Portability”)**: You have the right to request that we transfer the personal data that you have given us to another organisation, or directly to you, under certain conditions. This only applies to information you have given us. You can request for your personal data to be ported by contacting our Customer Support Team.
- **Withdraw your consent**: If we process your personal data using consent as legal basis, then you have the right to withdraw your consent at any time (e.g., by unsubscribing from marketing communications or by updating your communication preferences in the Bolt App). Where we rely on consent as the primary legal basis to process your personal data, your withdrawal of your consent may affect your ability to use the Bolt Platform. Withdrawing your consent won’t change the legality of processing undertaken by Bolt before you withdraw your consent.
- **File a complaint**: If you have any concerns regarding the processing of your personal data, you have the right to lodge a complaint with the [Estonian Data Protection Inspectorate \(“AKI”\)](#) who is our lead supervisory authority or your local data protection authority. You can find their contact details on their websites. You may also have a right to seek a judicial remedy.

To exercise any of the above rights, you can contact our Customer Support Team via the Bolt App or via our website. You can also contact the Office of the Data Protection Officer Team by emailing our Privacy Mailbox at privacy@bolt.eu - please mark the subject line of the email “*For the attention of Bolt’s Data Protection Officer*”. You can also [contact our Customer Support](#)

[Team](#) via the Privacy Web Form available at <https://bolt.eu/en/privacy/data-subject/> or in the Bolt App when you go to the main menu and tap ‘Support’. Our Customer Support Team will then escalate the issue internally to the Bolt Privacy Legal Team.

10. How do we use your personal data for direct marketing?

Please be aware that you may from time to time receive updates about special offers and promotions related to our services. We send these communications based on our legitimate interests (soft opt-in) in providing you with information about opportunities that could be beneficial to you. In countries where soft opt-in is not an available lawful basis for Bolt’s processing activities, we will instead rely on an alternative valid legal basis. You have complete control over these communications, and if you decide at any time that you do not wish to receive them, you can stop them without charge by clicking the “unsubscribe” link at the bottom of our emails, typing “STOP” for messages and SMS (telecom fees may occur depending on your telecom plan), or updating your communication preferences in your account settings. Additionally, we may seek your opt-in consent for specific direct marketing activities where this is required by law. For example, we might request your consent to send you information regarding third-party promotions and offers that we think might be of interest to you. You always have the ability to opt out without charge by changing your communication preferences in your account settings. We also personalise direct marketing messages using information about how you use the Bolt services (for example, how often you use the Bolt App).

11. Jurisdictional Disclosures

Bolt may choose or be required by law to: (i) provide different or additional disclosures about our data privacy practices; and/or (ii) process your personal data using a different legal basis other than Legitimate Interests, depending on your state or country of residence.
