2. Use of the App

2.1 The Services are used through the App. The App is available in multiple languages which can be changed in your profile. The App enables the persons requiring transportation to find E-Vehicles by sharing data of their geographic location. In order to provide you with our Services, we may track your device's location via the App. There may be restrictions for the provision of Services based on the location of your device. These restrictions are apparent via

the interface of the App. We do not provide Services in all jurisdictions. As the availability of our Services may change from time to time, there is no final list of jurisdictions.

2.2 The use of the Services requires installation of the App and registration of a user account ("**Account**"). During the installation of the App, Your mobile number will be linked to Your Account and added to Our database.

2.3 We may update the App from time to time in order to provide you with the best possible service. The services available via the App are only accessible with an internet connection. There are no specific technical requirements for the internet connection, however, the quality of the service may be affected by the internet speed. The App is available on Android and Apple devices in accordance with the latest software updates.

2.4 In case of any defaults in the App, We endeavour to correct them as soon as possible, but You acknowledge that the functionality of the App may be restricted due to occasional technical errors and We are not able to guarantee unlimited faultless functioning of the App at all times. To the extent permitted by law, we accept no liability for any losses incurred as a consequence of the App not functioning or not being usable in the desired manner.

2.5 Subject to Your compliance with the Agreement, We grant You a limited, non-exclusive, non-sublicensable, revocable, non-transferable license to access and use the App on Your personal device solely in connection with Your use of the Services.

2.6 We shall provide Services which are designed, delivered, and support compliance with industry standards and best practices, such as ISO 27001/27002, whenever feasible and not in conflict with other agreed requirements. Should You exercise your right to withdraw during the 14 days period, in accordance with the above-mentioned conditions, You will be entitled to a refund on a pro-rata basis conditional to the limitations of the Pre-Paid Pass that you have purchased and used until termination.

6.6 If any guarantee, condition, warranty or term is implied or imposed by any applicable law and cannot be excluded ("**Non-Excludable Provision**"), and We are not able to limit Your remedy for a breach of the Non-Excludable Provision, then Our liability for breach of the Non-Excludable Provision is limited exclusively (so far as the law permits) to Our option to:
