

Global Privacy Notice for Bolt Food Delivery Partners (Couriers)

At Bolt, we are focused on making cities for people. To do this, we offer a number of alternative transport solutions including ride-hailing, shared cars, e-scooters, e-bikes and food and grocery delivery. Your safety as a Delivery Partner is our priority and this includes the safety of your personal data that we process when you use the Bolt services (which includes the Bolt Food Platform and Bolt Courier App).

Date when this Privacy Notice was last updated: 9 May 2025

1. About this Privacy Notice

This Privacy Notice (“Notice”) describes how Bolt Operations OÜ and its group companies (“Bolt Group”) (together “Bolt”, “We” or “Us”) and third party partners collect and use the personal data of persons delivering food and goods by using the Bolt Food Platform and Bolt Courier App - each known as a “Delivery Partner or Courier”. More information about Bolt Group companies, such as the relevant Bolt group company for your market, is set out [here](#).

The term “you” or “your” refers to a Delivery Partner. This Notice lets you know how we promise to look after your personal data and tells you about your privacy rights and the choices and controls available to you.

This Notice applies to all individuals globally who have applied to or registered to the Bolt Food Platform via the Bolt Courier App, Courier or Fleet Portal or any other Bolt platform to provide a delivery service to Clients, whether acting on their own behalf as an independent delivery service provider or authorized by a delivery service provider to act on its behalf (for example, acting on behalf of a fleet or as a substitute delivery service provider).

This Notice should be read in combination with all terms and conditions, guidelines and policies that apply to your use of the Bolt services as are made available for your market at <https://bolt.eu/legal>.

2. How do you contact us?

Bolt (or the relevant Bolt Group company for your market - as set out [here](#) in more detail) is the data controller of your personal data processed under this Notice.

We have appointed a Global Data Protection Officer and an Office of the Data Protection Officer Team who can be contacted by emailing our Privacy Mailbox at privacy@bolt.eu. Please mark the subject line of the email 'For the attention of Bolt's Data Protection Officer'. You can also raise data subject rights requests via Privacy Web Form available at <https://bolt.eu/en/privacy/data-subject/> or raise any privacy-related questions in the Bolt Courier App when you go to the main menu and tap 'Support'. Our Customer Support Team will then forward the issue internally to the Bolt Privacy Legal Team.

3. What personal data do we process?

We collect and process personal data:

- provided by you to Bolt;
- when you use the Bolt Food Platform, Bolt Courier App, and Courier or Fleet Portal; and
- from other sources such as Fleet Owners and Fleet Partners, authorised third parties who administer services on behalf of Bolt, and in some countries, governmental or public databases.

The table below sets out the different categories of personal data we process about you:

4. What purposes do we use your personal data for and what is our legal basis for processing?

The table below sets out:

- our purpose for processing your personal data;
- our legal grounds (known as a '**legal basis**') under data protection law, for each purpose; and
- the categories of personal data we use for each purpose. Learn more about what personal data these categories include in Section 3 "*What personal data do we process?*" above.

Here is a general explanation of each 'legal basis' that Bolt relies on to process your personal data to help you understand the table below:

- **Performance of a Contract:** When it is necessary for Bolt (or a third party) to process your personal data to provide you with the Bolt services we promised you and meet our obligations under the Terms and Conditions for Delivery Partners. Where the legal basis for processing your personal data is performance of a contract, and you choose not to provide the information, you may be unable to use the Bolt services.
- **Legitimate Interests:** When we process your personal data relying on legitimate interest grounds. This includes our commercial and non-commercial interests in providing an innovative, personalised and safe service to you, other Delivery Partners, and other third parties (including Clients). Where the table below states that we rely on legitimate interests, we have provided a brief description of the legitimate interest. If you would like more information about this (including the balancing test), please contact us using the methods set out in Section 2 "*How do you contact us?*" above. In countries where legitimate interest is not an available lawful basis for Bolt's processing activities, we will instead rely on an alternative valid legal basis.
- **Consent:** When we ask you to actively indicate your agreement to our use of your personal data for a certain purpose of which you have been informed of. Where we rely on consent to process your personal data, you can withdraw your consent to such activities at any time. Withdrawal of the consent does not affect the lawfulness of any processing which took place prior to you giving your consent to us.
- **Compliance with Legal Obligations:** When we must process your personal data to comply with a law or regulation in the markets we operate in, such as to comply with our

licensing conditions and our obligations under tax and accounting laws. Where the legal basis for processing your personal data is compliance with legal obligations, and you choose not to provide the information, you may be unable to use the Bolt services.

When we process your personal data for a new purpose different from the purpose your personal data was originally collected for and we haven't asked for your consent, we will have to ensure that this new purpose is compatible with the initial purpose we collected it for. We will take into account any link between the two purposes and decide if the personal data can be used for this new purpose. Otherwise, we will take appropriate steps to ask for your consent or

refrain from processing your personal data.

5. Who do we share your personal data with?

We may share your personal data with the following categories of recipients.

Category of Recipients	Description
Bolt Group Companies and partners	We may share your personal data with our Bolt Group Companies (including Bolt local subsidiaries), third party partners, their affiliates and representatives, who may use your personal data in the manner described in this Notice. If Bolt local subsidiaries are responsible for processing your personal

Please note, that our websites and apps may contain links to other third-party websites. If you follow a link to any of those third-party websites, please be aware that those websites may have their own privacy notices and that we do not accept any responsibility or liability for their notices or their processing of your personal data. Please check these notices before you submit any personal data to such third-party websites.

6. Does Bolt transfer your personal data to other countries?

We operate internationally and as a result, your personal data may be transferred to, stored and/or processed by Bolt Group Companies, subcontractors and partners when undertaking the activities described in this Notice outside the country where you are located. Please [see](#) our Bolt Group Companies table for details of the countries where your personal data may be transferred to within the Bolt Group.

When we transfer your personal data outside of a country or region, such as the European Economic Area ("EEA"), we will make sure that we take steps necessary to comply with applicable legal requirements and rely on the following transfer mechanisms:

- **Adequacy Decisions:** We will rely on decisions from the European Commission where they recognise that certain countries and territories outside of the European Economic Area ensure an adequate level of protection for personal information. Please click [here](#) to see the list of countries deemed 'adequate' by the European Commission and click [here](#) to see the list of countries deemed 'adequate' by the UK Government. We rely on these adequacy decisions when we transfer personal data we collect from the EEA and the United Kingdom to the United States (where some of our third party service providers are based).
- **Standard Contractual Clauses (SCCs):** We will utilise standard contractual clauses approved by the European Commission for transfers outside the EEA and by the UK Government for transfers outside of the United Kingdom. Please click [here](#) to see the EEA SCCs and click [here](#) to see the UK SCCs. We will rely on SCCs when we transfer personal data we collect from the EEA and the United Kingdom to the United States, Singapore and Nigeria where some of our third party service providers are based.

There may be certain situations (such as responding to law enforcement requests - see Section 4 "*What purposes do we use your personal data for and what is our legal basis for processing?*" above) where a transfer of personal data will take place on the basis of exemptions provided for under applicable data protection legislation. In these circumstances, we will take steps to

minimise and protect the personal data transferred.

7. How do we keep your personal data safe?

The security of your personal data is very important to us, and we have implemented appropriate technical and organisational controls to protect your personal data against unauthorised processing and against accidental loss, damage or destruction. We have implemented data encryption in transit and at rest, data privacy and security training, information security policies and controls around the confidentiality, integrity and availability of our data/systems.

Any personal data collected in the course of providing Bolt services is transferred to and stored in our data centres which are located within the EEA. Only authorised employees of Bolt Group companies and partners have access to the personal data and they may access the data only for the purpose of resolving issues associated with the use of the services (including disputes regarding transportation services and customer support services in the respective countries <https://bolt.eu/cities/>).

For our research and scientific purposes, all data, like bulk Geolocation Data, is anonymised so you can never be identified from it. Regarding anonymised data, we will not attempt to re-identify your personal data that has been deidentified, in the course of sharing your data with other organisations.

You are responsible though for choosing a secure password when we ask you to set up a password to access parts of our sites or apps. You should keep this password confidential and you should choose a password that you do not use on any other site.

8. How long do we retain your personal data for?

We keep your personal data only as long as necessary to provide you with our services and for the purposes described above in Section 4 “*What purposes do we use your personal data for and what is our legal basis for processing?*”.

This means that the retention periods will vary according to the type, the amount and sensitivity of your personal data, the potential risk of harm from unauthorised use or disclosure of your personal data and the reason that we have collected the personal data in the first place.

Here are the key criteria we use for determining our retention periods:

Retention Periods Criteria	Description
Personal data retained until you remove/delete	It's your right to request that we delete

Retention Periods Criteria	Description
Delete it	certain of your personal data. See Section 9 “What are your rights?” below for more information.
Personal data that expires after a specific period of time	We have set certain retention periods so that some data is not retained after a specific period of time. See table below for further details. After a retention period has lapsed, the personal data is securely deleted, unless it is necessary for the establishment, exercise or defence of legal claims.

Retention Periods Criteria	Description
Personal data retained until your Bolt account is deleted	We keep your data until your Bolt account is deleted unless further retention of certain personal data are required for the purposes described in the second table below.

We have listed below the specific retention periods that apply to the personal data we process about you:

Category of Retention Periods	Description
Tax, accounting and financial reporting purposes	We retain data for 10 years after the last order if your personal data is necessary for tax, accounting and financial reporting purposes.
Provision of services	We retain your data as long as

purposes	you have an active Bolt Courier account. If your account is deleted, personal data will be deleted (according to our retention schedule and rules), unless such data is still required to meet any legal obligation, or for accounting, dispute resolution or fraud prevention purposes. You may request deletion of your account at any time through the Bolt App. See Section 9 “What are your rights?”

Category of Retention Periods	Description
	below for more information.
Formal investigations of a criminal offence, fraud or false information	We retain data for as long as necessary according to the internal, legal, and regulatory requirements, in the event that there are formal investigations of a criminal offence, fraud or false information having been provided.
Disputes	We retain data in the event of disputes, until the claim is satisfied or the expiry date of such claims.
Complaints	We retain a record of all complaints

Category of Retention Periods	Description
	which we make available to an authorised officer of the licensing authority on request in the case of an investigation for 12 months.
Instant Messages	We retain data about instant messages between you and the Customer Support Team directly in the Bolt Courier App for 60 days from the last communication and in Bolt's databases for 3 years from the last communication. Instant messages between

Category of Retention Periods	Description
	Delivery Partners and Clients are kept in the Bolt Courier App only until the order is completed and for 30 days after in our systems.
Customer Support	We retain data in relation to support tickets, phone calls, and chats for 3 years.
Geolocation Data	We retain your Geolocation Data for 2 years from the time it is collected.

Please note that the deinstallation of Bolt App in your device does not cause the deletion of your personal data. If the Bolt App has not been used for three years, we'll get in touch and ask you to confirm whether you wish to keep your account active for future use. If no reply is received in a reasonable time, the account will be closed and personal data will be deleted unless such data is required for any purpose mentioned earlier in this Notice.

9. What are your rights?

As a data subject you have following rights:

- **Access your personal data (known as “Right of Access”):** You have the right to access and to request copies of your personal data by contacting our Customer Support

Team.

- **Update/correct your personal data (known as “Right of Rectification”):** You have the right to request us to correct personal data that is inaccurate or incomplete. You can change and correct certain personal data yourself within the Bolt App or by contacting our Customer Support Team.
- **Delete your personal data (known as “Right of Erasure”):** You have the right to request that we erase your personal data, under certain conditions (e.g., we are processing your personal data under your consent). Personal data that is processed pursuant to a legal obligation or where we have an overriding legitimate interest may not be deleted upon request. You can request erasure of your personal data by contacting our Customer Support Team.
- **Restrict use of your personal data (known as “Right to Restrict Processing”):** You have the right to request that we restrict the processing of your personal data, under certain conditions (e.g., we are processing your personal data under consent). You can request restriction of the use of your personal data by contacting our Customer Support Team.
- **Object to use of your personal data (known as “Right to Object”):** You have the right to object to our processing of your personal data, under certain conditions (e.g., we are processing your personal data under legitimate interests). You may submit an objection to the use of your personal data by contacting our Customer Support Team.
- **Object to solely automated decisions being made about you which has legal or similarly significant effect on you (known as “Right to object to automated decision making”)** - You have the right, under certain circumstances, to object to any solely automated decisions we have made which have a legal effect or similarly significant effect which does not involve human review. You can ask that a person review the decision, obtain an explanation of the decision reached after such assessment and challenge the decision by contacting our Customer Support Team. Please note that certain exceptions and limitations may apply to your right to object to automated decision-making, as permitted by applicable laws and regulations. We will provide you with clear information regarding the implications of exercising your rights and the processes involved in objecting to solely automated decision-making.
- **Port your personal data (known as “Right to Data Portability”):** You have the right to request that we transfer the personal data that you have given us to another organisation, or directly to you, under certain conditions. This only applies to information you have given us. You can request for your personal data to be ported by contacting our Customer Support Team.
- **Withdraw your consent:** If we process your personal data using consent as legal basis, then you have the right to withdraw your consent at any time (e.g., by unsubscribing from marketing communications or by updating your communication preferences in the Bolt Courier App). Withdrawing your consent won't change the legality of processing undertaken by Bolt before you withdraw your consent.
- **File a complaint:** If you have any concerns regarding the processing of your personal data, you have the right to lodge a complaint with the [Estonian Data Protection Inspectorate \(“AKI”\)](#), who is our lead supervisory authority or your local data protection authority. You can find their contact details on their websites. You may also have a right to seek a judicial remedy.

To exercise any of the above rights, you can contact our Customer Support Team via the Bolt App or via our website. You can also contact the Office of the Data Protection Officer Team by

emailing our Privacy Mailbox at privacy@bolt.eu - please mark the subject line of the email “*For the attention of Bolt’s Data Protection Officer*”. You can also [contact our Customer Support Team](#) via the Privacy Web Form available at <https://bolt.eu/en/privacy/data-subject/> or in the Bolt Courier App when you go to the main menu and tap ‘Support’. Our Customer Support Team will then escalate the issue internally to the Bolt Privacy Legal Team.

10. How do we use your personal data for direct marketing?

Please be aware that you may from time to time receive updates about special offers and promotions related to our services. We send these communications based on our legitimate interests (soft opt-in) in providing you with information about opportunities that could be beneficial to you. In countries where soft opt-in is not an available lawful basis for Bolt’s processing activities, we will instead rely on an alternative valid legal basis. You have complete control over these communications, and if you decide at any time that you do not wish to receive them, you can stop them by clicking the “unsubscribe” link at the bottom of our emails, typing “STOP” for messages and SMS, or updating your communication preferences in your account settings.

Additionally, we may seek your opt-in consent for specific direct marketing activities where this is required by law. For example, we might request your consent to send you information regarding third-party promotions and offers that we think might be of interest to you. You always have the ability to opt out by changing your communication preferences in your account settings. We also personalise direct marketing messages using information about how you use the Bolt services (for example, how often you use the Bolt Courier App).

11. How do we notify you of changes to this Notice?

We may make changes to this Notice from time to time. If we make significant changes, we will notify you (as required) via the Bolt Courier App, website or via another method such as email.
